

# UX Testing + UI Iteration

	<b>User Interface:</b> How could the styling of elements be changed to make a more visually appealing, clear, and space efficient layout? (ex: sizes, colors, fonts, alignment, etc.)	<b>User Experience:</b> What elements of the user experience could be improved to make the puzzle more fun/satisfying? (ex: sounds, hover effects, etc.)
<b>User 1 Name:</b> Naythan	<ul style="list-style-type: none"><li>Everything is too similar</li><li>Make the album cover box bigger</li><li>Get clearer quality for the images</li></ul>	<ul style="list-style-type: none"><li>Make it more obvious on what to do its a bit confusing</li><li>The goal is fulfilled</li><li>Add a border around the images because they look out of place because some are different shapes</li></ul>
<b>User 2 Name:</b> Dorian	<ul style="list-style-type: none"><li>Don't make everything so scattered add a box with the add names of the album</li><li>Add text</li><li>Better quality images</li></ul>	<ul style="list-style-type: none"><li>Add a stop button</li><li>Add a refresh button in a little corner</li><li>Text talking about each album with like a now playing</li></ul>
<b>User 3 Name:</b> Tyler	<ul style="list-style-type: none"><li>Add more styler to it because it's just pictures with a bland background</li><li>Add a white background if you want it to be simple</li><li>Add text that say what album it is</li></ul>	<ul style="list-style-type: none"><li>When clicking the images play more songs</li><li>The functionality of the website is cool</li><li>Add a description of the albums</li></ul>
<b>User 4 Name:</b> Halima	<ul style="list-style-type: none"><li>Add a title or like the albums</li><li>Add more to the background or make it diff colors</li><li>Make the two squares separate divs and make a title called albums and eras</li></ul>	<ul style="list-style-type: none"><li>She likes how they get big and small when she hovers</li><li>Add a refresh button</li><li>Album titles under the album cover</li></ul>
<b>User 5 Name:</b> Mekhi	<ul style="list-style-type: none"><li>The background color is kind of boring</li><li>The pictures should be bigger</li><li></li></ul>	<ul style="list-style-type: none"><li>The hover is great</li><li>When clicking on the album cover add description</li><li>Place titles under the album covers</li></ul>

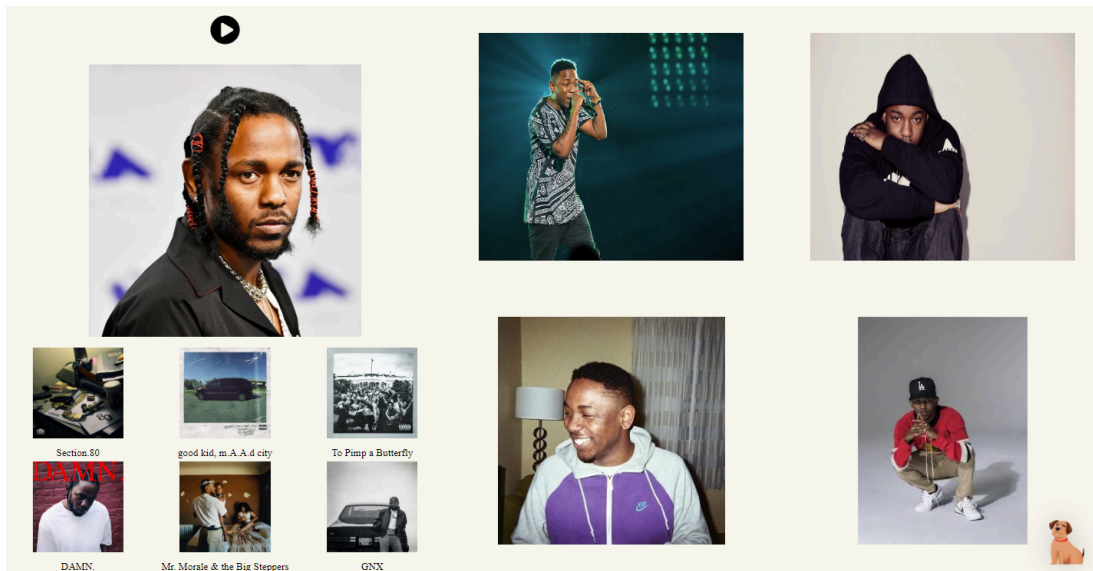

## UI Before Feedback (Screenshot / GIF)

## What trends did you identify in your feedback?

- Lots of people want me to add a description of the album when the cover is clicked on
- Lots of people would like me to place the titles of the albums under them when the larger album cover is clicked on
- People would like a pause and play button
- People would like different background colors
- People would like the pictures to have better quality

## UI After Feedback (Screenshot / GIF)

## What changes did you make to improve your UI?

- I added a play/pause button when it is toggled it will switch back and forth in between play and pause
- When clicking on the big Kendrick in the left column there is a description
- I added hover effects for everything to make the user experience more satisfying
- Added the title names under the album
-
